Hand Magnet MC

Product information

Hand magnets are used solely for quick manual handling of sheets, burn parts, smaller steel blocks and other smooth steel items. MC hand magnets are also suitable for lifting individual sheets from a stack.

Features:

- Easy and quick manual handling
- Low unit weight with a high lifting capacity, e.g. the MC-2 hand magnet made of durable hardened plastic has a lifting capacity of690 kg and a weight of 1,4 kg. The MC-2S model has a higher vertical lifting capacity and a more durable metal body
- Maintenance-free operation and long life span
- Strong ferrite magnets ensure a high lifting capacity with a low weight
