Inside oc-buckle comfort lashing 45mm LC 750 daN with latch to universal tracks

Product information

Inside Lashings are commonly used inside large and small trucks to secure the goods. The advantage of a small buckle and lower tensioning power is that you minimize the risk of damaging the track. The plastic covered handle gives a firm and comfartable grip. All components are tested and of high quality to ensure a long durability and high safety. The strap is made of high strength polyester webbing, which makes the lashings very flexible and durable.
