SMARTBAR - shoring pole

Product information

The Smartbar is an ergonomic shoring pole with low weight suitable for small and medium cargo carriers. The Smartbar has a blocking capacity of 350 daN and a spring mechanism which makes it very easy to position in the track system. By pulling down the strap the spring is compressed and the shoring pole can easily be positioned in the cargo carrier. Ergonomics The strap with spring function makes it easy to adjust the height of the Smartbar. The strap is placed at arms height to enable ergonomic working movement and the low weight (2,5 kg) facilitiates the use.

Blocking capacity: 350 daN
