

Single Sleeve for Roundsling

Product information

The single sleeve is designed for the production of roundslings. Used as a protective component during the manufacturing process, it helps protect the sling structure against abrasion and mechanical damage in areas exposed to load contact or sharp edges. The sleeve contributes to improved durability and quality of the finished roundsling and is compatible with standard roundsling constructions.

Intended for industrial and manufacturing applications.

Material: Poliester

Part code	Width mm	For roundslings ton	Colour	Delivery time
110300010	45	1	Purple	12
110300040	46	2	Green	2
