Fender F41 Single Flat-Top Bawer

Product information

The Bawer F41 Flat-Top is a technopolymer fender designed for single-wheel configurations on industrial and commercial vehicles. Its lightweight, corrosion-resistant construction provides wheel coverage while supporting practical installation and long-term use in demanding road environments. The flat-top design offers an alternative profile for vehicle configurations requiring this fender shape.

Best used for:

- Industrial and commercial vehicles with single-wheel configurations.
- Vehicle installations requiring a flat-top fender profile.

Product benefits:

- Technopolymer construction resists corrosion and reduces fender weight.
- UV-resistant material supports durability during outdoor vehicle operation.
- Low-temperature resistance supports use in cold operating environments.
- Multiple mounting configurations provide flexibility for different vehicle installations.
- Compatible mud flap options support adaptable wheel protection arrangements.
- Mudguard arc length 1430 mm
