Clevis for Mounting Fenders SIMPLE Bawer

Product information

The Bawer F099010 clevis is a mounting component designed for SIMPLE and Flat Top vehicle fenders. It works with a mounting tube to secure the fender to the vehicle, providing a connection within the fender mounting system. The clevis is available in black.

Best used for:

- Mounting SIMPLE and Flat Top fenders to vehicles.
- Fender installations using a compatible mounting tube.

Product benefits:

- Compatible with SIMPLE and Flat Top fenders for specified mounting applications.
- Connects with a mounting tube to attach the fender to the vehicle.
- Black finish for installations requiring this colour.
