Fender F41 SIMPLE Single Bawer

Product information

The Bawer Fender F41 Simple is a lightweight polypropylene mudguard designed for single-wheel industrial vehicles. Its patented design provides protection against mud, water and road debris while allowing straightforward installation. The high-strength technopolymer construction is suitable for demanding operating conditions.

Best used for:

- Single-wheel industrial vehicles requiring protection against road spray and debris.
- Vehicle installations using clamp mounting or a removable membrane with Ø42 mm tube.

Product benefits:

- High-strength polypropylene construction provides durability in demanding operating conditions.
- Lightweight 1.84 kg design reduces additional vehicle weight.
- Patented design provides effective protection against mud, water and debris.
- Alternative mounting configurations allow installation with different fastening arrangements.
- Available spacers and rotator accessories support installation adjustments.
- Mudguard arc length 1430 mm
