

Cardboard Void Filler LARGE

Інформація про товар

Niupack® Large is a larger variant of the Niupack® family of stabilization systems. It was designed specifically for securing cargo in shipping containers, filling large gaps between pallets. It can also be successfully used in road and rail transportation.

Thanks to its folded honeycomb structure, Niupack® Large is extremely strong, quick to install, easy to use and reusable. It minimizes the risk of cargo shifting, increasing its stability and safety in transportation.

The product is especially recommended for companies operating in the chemical, food and construction industries, as well as laboratories and logistics and transportation operators.
